theformers, and the strenuous exhorta-tions to passivity from many of the chief Democratic journals in the com-try, show that there is a very lively hope, should General Grant be re-nom-inated, of concentrating every element the country believe that the Democratic party as a body will sustain the Cincinnati candidate. And when told that it he be a Republican such support would be the virtual disbanding of the Democratic party, the reply is that it would be only a piece of strategy well understood by the Democratic leaders and by all who closely study political affairs.

great multitude of the old Republicans, with whom its principles are a political religion, who believe that it, and it alone, offers the surest guarantee of national peace, liberty, and prosperity; and with them the Republicans who are selfishly interested in the party success, and some Democrats who

mis ellaurons.

Home Life in America But we are willing to agree with them, if they will agree with us. We will admit that the old time is the best time, but they must admit that no time is so pld as the present time. It is the fact, whether they admit it or not, and it follows, therefore, that it is the best time. And it ought to be; for peoples, like persons, "live'and learn." Were it otherwise, all the battles that have then lest and learn." Were it otherwise, all the battles that have senses, he invariably was successful in the told me that to him that dog was worth more than his weight in gold; that once upon the trail of a negro, nothing but utter—They should be water tight and warm, but not air tight. It injures the feet to wear an air tight covering over them. India rubber shoes or boots should not be worn except in wet and there were the blood in the feet, should be water tight and warm, but not air tight. It injures the feet to wear an air tight covering over them. India rubber shoes or boots should not be worn except in wet and there are the bare.

It is hard to tell who is ambas and who is servant, Japanese dignity being a peculiar species of that article,

there is not one which ought to be so with a whip, telling him at the same of the system, that the circulation of You can't weigh an eel with scale through the body of that poor negro body so much trifled with as the fee t. m boy. When showing us everything The young that would be genteel foot- knoded lad es are studying law in this about the plantation, the proprietor, a ed cramp their feet into thinsoled bonewealthy Spaniard, stopped before the pinching boots; in order to display neat pointed out a perfect specimen of its term. Now this is very wrong. In persuade a woman. kind-large, powerful, and tiger-like cold weather, boots of good thick leathtime, that to him that dog was worth more enough to give free circuistion of the listle sulky.

The Chinese picture of ambition is a fact, that his weight in gold; that once upon blood in the feet, should be worn by all. exhaustion or death could stop him; warm, but not air tight. It injures the Queen Elizabeth always displayed gifted with an instinct above common feet to wear an air tight covering over her worst temper in her best clothes. animals, and endowed with acute, keen them. India rubber shoes or boots She has dreadfully ruffled them. senses, he invariably was successful in should not be worn except in wet and Horse raisers say that a few carrots his search, no matter what devices the slushy weather, and then taken off as negroes took to destroy their trail. soon as the exposure to it is over. No The people are very hospitable, and part of the body should be allowed to the pleasant consciousness that should be the pleasant consciousness that should be allowed to the pleasant conscious that walks brokwards—not man. The race advances; it does not recede.

Not to philosophise on so evident a pleasant and agreeable, and simply truism, however, let us look a little into the simple matter of home life. Porty, the simple matter of home life. Porty, thirty, twenty years ago, the Home Life of America was very different to the field hands. They are so accustom—the field hands. They are so accustom—the field hands. They are so accustom—the field hands are so accustom—the field hands. They are so accustom—the field hands are so accustom—the field hands. They are so accustom—the field hands are so accustom—the field hands. They are so accustom—the field hands are so accustom—the field hands. They are so accustom—the field hands are so accustom—the field hands are so accustom—the field hands. They are so accustom—the field hands are so accustom from what it is to-day. It was less ex.

ed to consider them but as some inpensive, and it was less comfortable.—

from what it is to-day. It was less ex.

from what it is to-day. It was less ex.

ferior animal, that they think it nonthe man of average means lived within his means, but it was at the sacrifics
of something. Heddi not deny him.

Hedde not deny him toon; and, indeed, the life the latter self the "creature comforts," but he leads day after day soon causes every-thing that is human about him to disappear. Even the Chinese, with whose of dress. Fifty called dresses were dean and neat appearance you are much in the changing of the stacks to the backward and bashful whose cold shoes or boots. A change is often made from thick to thin-soled shoes, why he didn't have a dumb walter in

while books, which now run through twenty editions, were a long time then in creeping through one. Whether there are not too many books, and too few called dresses, now, is not the question; it is the fact which we are considering. Thirty years ugo the cest of a good brick house, in a pleasant city street, was about equal to the yearly rental of such a house now, at any rate, it was not much greater. To be sure, there were drawbacks to those houses, which no longer exist. We have venighted the house of a good brick house, in a pleasant city street, was not much greater. To be sure, there were drawbacks to those houses, which no longer exist. We have venighted the house of a good brick house, in a pleasant city and in the course of a good brick house, in a pleasant city street, was about equal to the yearly rental of such a house now, at any rate, there were drawbacks to those houses, which no longer exist. We have venighted the house of a good brick house, in a pleasant city and in the city, and who shows intelligence and brightness there, when sent on a plantation as a field hand, tolling day after day in a hot sun, under titor, it is a danger ous practice, and many an individual has suffered hours of illness because of it.

Playing Old "Vet"

General Ed. McCook was standing in the Sherman House yesterday, talking on a pair in a second of a good brick house, in a pleasant city of a year is no better than an animal, showing no more intelligence than a horse or a dog, caring only to get food and drink enough to appease his hunger and thirst and sleep to recruit his exhibition. This is General McCook, I believe?"

This is General McCook, I believe?"

"Yes, sir," courteously replied the was accousted by a story, yesteday. "They is an comfortable condition we're much micromatically the shear the day of the provided and uncomfortable condition we're much micromatically the shear the provided and uncomfortable condition we're much micromatically the shear the provided and uncomfortable condition we're much micromatic

"This is General McLook, I believe?"
"Yes, sir," courteously replied the General. Whereupon the man produced a dirty cotton handkerchief and madean unsuccessful attempt to hide the lears which welled up from his heav.

"Say, Jones, what's the matter with your eye?" "Ohl nothin'; only my wife said this morning I'd better get up and light the fire. I told her to make it herself. That's all." ing bosom. As soon as he could command his voice he faltered, feelingly: Republicans to stand by Grant as the "I was with you at Memphis, sir." Is falrest and kindest man to all races that never was at Memphis," said the Genever sat in the Presidential chair.
